

Dear OPA Member,

OPA membership voted to form a new **LIMITED PAC** that will allow us to become more involved in the legislative election process and further allow us to build new relationships with members of the Oklahoma legislature.

A limited PAC is used to donate money directly to campaign accounts and leadership PAC's that help get legislators elected. **This is the best way for OPA members to take their dollars and put them to work to build OPA's political capital and allow us to help our friends in the legislature get re-elected.**

With an election year in 2018, this means we can pave the way for educated and psychology practice friendly leaders. Primary elections are in June and general elections in November. The more dollars OPA members put into the PAC, the more effective our lobbying efforts will be at the Capitol. Please make your personal check payable to OPA PSYCH PAC. No corporate funds can be accepted. Individuals, LLC's Partnerships, and American Indian Tribes can contribute.

A PAC is any group of two or more persons that receives contributions or makes expenditures for any of these purposes: (1) to make contributions to candidates or candidate committees; (2) to make contributions to other PACs;

OPA membership voted to focus efforts on a **Limited PAC** in order to elect legislators and government leaders who understand psychology and the mental health crisis that exists today in our state. Help us make a difference.

**Oklahoma Psychological Association Limited PAC Voluntary Contribution Authorization**

The purpose of the Oklahoma Psychological Association Limited PAC2 is to become more involved in the legislative process and build new relationships with members and future members of the OK State Legislature. By directly donating funds to campaign accounts and leadership PAC's to help candidates of the legislature get elected.

YES, I want to support the OPA Limited PAC2.
